Divided Skirt Effect Is Latest Creation in Gowns From Paris

Is Modest, Artistic and Gives a Graceful Gait, It

Is Said.

mething entirely new in skirts has successfully launched in Paris. I is the divided skirt, and those who have viewed it pronounce it not only artistic out a great improvement over the narrow skirt that has been worn by exremists during the past season.

An objection of immodesty that might be raised is removed by the fact that, s will be seen in the illustration, the livision of the ckirt extends only a few hes above the beth. Three two-inch folds of black taffeta somewhat conceal the division, and when worn it is scarce-

This skirt, by the way, is somewhat or than the present fashion prea far more graceful than that of the

This skirt has met with favor in serin as well as Paris and the prom-ment modiste who designed the inno-ation is so confident of its success hat out of fourteen dresses recently iced by him ten have the divided
